Dear Board Members,

We appreciate the opportunity to plead our case regarding the previously unpaid dues from the prior owner. We purchased the property with no knowledge of the past dues. We closed the purchase through a local title company with a clean title and assumed everything after the foreclosure was taken care of. We are asking for relief of the penalties and interest, that accrued prior to our ownership. We have been current on all of our dues and want to be a positive impact on our portion of the levy. Please consider our proposal during these current tough times.

Thank you,

Darren Clow
